FÁILTE AN UACHTARÁIN

Tá áthas orm fáilte agus céad a fhearadh romhaibh inniu, lá deasghnátha agus ceiliúrtha. Táimid, céimithe, aionna agus baill fhoirne, cruinnithe in Ardeaglais mhaorga, stairiúil Phádraig ar ócáid bhliantiúil Shearmanas Bhronnta na nGradam i nDámh na hEolaíochta.

Lá iontach is ea é seo daoibh siúd atá ar tí bhur gcéimnithe. Is ceiliúradh é ar an bhfíorghaisce a d'éirigh libh a bhaint amach trí thalann agus trí dhiansaothar, agus tréaslaím sibh go fial as marc tábhachtach a bhaint amach ar bhur mbóthar i dtreo an eolais agus na n-ardbhuanna. Molaim freisin bhur gclanna agus bhur gcairde as a mblianta siúd d'íobairt agus de thacaíocht. Inniu, is féidir libhse agus leosan bheith as cuimse bródúil as a bhfuil déanta agaibh.

Tréaslaím freisin mo chomhleacaithe féin - bhur léachtóirí, bhur dteicneoirí, agus iad siúd a dhéanann gnóithe riaraithe agus cabhraithe díbh - as na torthaí ar a sárshaothar agus a ndúthracht, ar léiriú sibhse agus bhur ngaisce orthu sin.

Lá fíor-thábhachtach é lá bronnta na ngradam i saol na hInstitiúide de bhri gur marc foirmiúil é ar aistriú nua-eolais agus scileanna chuig glún nua, agus mar sin, ar chur chun cinn na tíre seo agus an chomhphobail dhomhanda. Is bunúsach iad céimithe san Eolaíocht chun ár dtuiscint ar an saol a fheabhsú agus chun ár mbeatha a fheabhsú. Bainfidh an-chuid de tionscail agus den tsochaí féin leas as bhur n-ábaltacht chun cur leis an tuiscint sin.

Tá bród ar leith orainn go bhfuil sibhse, mar chéimithe den Institiúid uathúil cháiliúil ardléinn seo, ullmhaithe go cuí chun feidhmiú mar dhroichead idir an DIT agus ár bpáirtithe le forbairt ár dtíre a chur chun cinn tríd ár n-achmhainní daonna a fheabhsú, trí thaighde agus trí réimsí leathana na heolaíochta agus na teicneolaíochta a chraobhscaoileadh go forleathan. Tá mé cinnte gur chuidigh bhur mblianta san DIT, bhur léachtóirí, na cairde nua a rinne sibh, na huaianta gan áireamh a chaith sibh i mbun staidéir, agus na tréimhsí a chaith sibh le bhur smaointe féin, bhur bhfeinmhuinín, bhur n-ábaltacht agus bhur gcrógacht a mhéadú. Beidh na tréithe seo de dith oraibh ar an mbóthar fada gairmiúil pearsanta atá amach romhaibh.

Tá an chéad chéim de bhur staidéir fhoirmiúla istigh anois, ach tá súil againn go bhfanfaidh sibh i dteagmháil le bhur alma mater trí Chumann na gCéimithe, agus go mbuailfidh le chéile arís ag céimeanna eile i rith bhur saolréanna. Mar chéimithe de chuid an DIT tá súil againn go bhfanfaidh sibh bródúil as an Institiúid seo agus mar alumní, go gcoimeádfaidh sibh suim sna forbairtí a tharlóidh san Institiúid amach anseo.

Níl dabht ach go bhfuil athruithe suntasacha taghtha ar an DIT ó thosaigh sibh ar bhur gcuid staidéar, ach tá ceangal orainn dul ar aghaidh ag forbairt an t-am ar fad chun freastal ar riachtanais athraitheacha an tsochaí. Mar is eol díbh tá stair de chéad agus fiche bliain taobh thiar den DIT, agus tá páirteanna tábhachtacha glactha ag ár gcéimithe i bhfiontraíocht theicneolaíochta agus eolaíochta, i bhforbairt eacnamaíochta agus shóisialta, agus i gcúrsaí cultúrtha agus oideachais anseo in Éirinn agus ar fud an domhain.

Inniu mar sin, téann sibh, céimithe, isteach i ndiorma oirirc. Agus sibh ag tabhairt chun bóthair, bí cinnte go bhfuil agus go mbeidh ár ndóchas agus ár muinín, ár mbród agus ár ndeamhain libh i gcónaí.

Comhghairdeas ó chroí díbh go léir.

An tOllamh Brian Norton (Uachtarán)

WELCOME BY THE PRESIDENT

I am pleased to extend a warm welcome to you on this day of ceremony and celebration. Graduands, guests and staff are gathered here in the magnificent surroundings of St. Patrick's Cathedral, on the occasion of the annual Faculty of Science Graduation Ceremony.

This is a wonderful day for those of you who are about to graduate. It is a celebration of real achievement made possible through a combination of your talents and hard work and I warmly congratulate you on a significant milestone on the road to knowledge and high accomplishments. I also commend your families and friends for their years of sacrifice and support – today you and they can be immensely proud of what you have achieved.

I also congratulate my colleagues – your lecturers, technicians and those in administrative and support functions – on the results of their outstanding work and dedication, which is represented here today by your awards.

A graduation is a very important day in the life of the Institute as it formally marks the passing on of modern knowledge and skills to a new generation, thereby contributing to the development of this country and indeed our global community. Graduates in Science are key to advancing our understanding of the world and to improving how we live within it, and many areas of industry and society will now benefit from your ability to contribute to that understanding.

We are especially proud of the fact that, as graduates of this unique and highly-respected institution of higher learning, you are now in the best position to act as a bridge between DIT and our partners in contributing towards the development of our country through human resources enhancement, research and outreach in the vast fields of science and technology. I am sure that your years in DIT, your lecturers, the new friends made, the countless hours spent studying, and your moments of personal reflection, have helped build in you the confidence, capacity and courage that you will need in your long professional and personal journey ahead.

The first phase of your formal studies is now complete but we hope you will remain in touch with your alma mater through our Alumni Association and that we will meet again at various stages throughout your future career. As a graduate of DIT we hope you will continue to be proud of this Institute and that as an alumnus you will retain an interest in future developments here.

DIT has undoubtedly seen significant changes since many of you commenced your studies and we will continue to develop to meet the changing needs of society. As you know, DIT has a history stretching back over one hundred and twenty years, and our alumni have played important roles in technical and scientific innovation, economic and social development and culture and education both here in Ireland and internationally.

Today graduands you join a distinguished group and as you embark on your journey, you carry with you our hopes and confidence, our pride and best wishes in the path you will take.

Our most sincere congratulations to you all.

Professor Brian Norton (President)
